Empathy Map

Instruction: Create an empathy map with four perspectives - Says, Think, Do, and Feel

Persona: Stock Market Enthusiast / Beginner Trader

SAYS:

- "I want to learn trading without losing real money"
- "I need a platform that feels like real trading"
- "I wish I could track my performance over time"

THINKS:

- "Is this platform safe to use?"
- "Can I really learn trading skills here?"
- "How accurate is the market data?"

DOES:

- Searches for stock trading simulators online
- Compares features of different trading platforms
- Reads articles about stock market basics

FEELS:

- Anxious about losing money in real markets
- Excited about learning to trade risk-free
- Motivated to build investment skills
