Define Problem Statements

Create a problem statement to understand your customer's point of view...

Problem Statement (First sentence)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1: A college student interested in stock trading	College student	Learn and practice stock trading in a realistic environment	I cannot practice without risking my actual savings	Most trading platforms require real capital to trade	Anxious and hesitant about entering the stock market
PS-2: A beginner investor wanting to test strategies	Beginner investor	Test different trading strategies before investing real money	There is no safe platform to simulate trades with real market data	Free paper trading tools lack real-time data and portfolio management	Frustrated and unprepared
PS-3: An experienced trader exploring new approaches	Experienced trader	Experiment with new trading techniques on US stocks	Existing simulators have outdated data and limited features	Most tools don't provide comprehensive analytics and portfolio tracking	Limited and constrained in my analysis
